## Solution From Metal Racks

## Stainless Steel Making

*The Most Adaptive Flexible and Scalable Range  
of Racking Solutions for Industry*

# PACKING

- We Specialist in **ESD Packaging, Flexible Packaging, Protection Films & Security Tape & Label** which widely using for Industrial, Commercial & Retails fields.  
Please **select** below products.....

### ESD PACKAGING

We produce various types of **ESD Shielding Bags** and Moisture Barrier Bags or Vacuum Bag with special size and specification..

### FLEXIBLE PACKAGING ↓

We able to produce **laminated flexible bag** eg. 3 Sides Seal bag, Standing Pouch Bag, Zipper Bag....

### PROTECTION FILM

**Protection film** play a very important roles during surface process and goods finishing.....

### LABEL & RIBBON

**Security tape and label** provide a best option to protect your valuable products or document from stolen, opened or read.....

## Static Shielding Bag

Made with superior ESD Coat & Amide Amines free material with ASTM Standard, Customised for sizes, side seal width and other optional custom-made requirements

**Thickness :** 2mil(50 $\mu$ ) / 3mil(76 $\mu$ ) or optional

**Film Layer :** ESD/VMPET/LLDPE-AA/ESD

**Surface Resistivity :** 10<sup>6</sup> ~ 10<sup>9</sup> $\Omega$

**Bag Mode :** 2 / 3 / 4 Sides Seal

**Side Seal Width :** 5mm ~ 10mm

**Logo Printing :** Optional

**Application :** PCB, Wafer box, Sensitive SMD Components, Sensitive Devices to ESD

## Aluminium Bag

Customised with High Quality PET Film or Nylon Film, Aluminium Foil and PE Films layer to provide best durability protection for UV, Gas & Moisture Thickness: 33mil-7mil (80 $\mu$ -180 $\mu$ ) or optional

**Film Layer :** PET/ALU Foil/LLDPE

**Bag Mode:** 3 Sides Seal Only

**Side Seal Width:** 10mm

**Bag Surface:** Matt / Glossy

**Logo Printing:** Optional

**Optional :** ESD Coat, U/V-cut

**Application:** PCB, Wafer box, Sensitive SMD Components, High Sensitive Devices to ESD

THANK YOU  
FOR YOUR  
ATTENTION!
